

Receivables Management

Automate the clearing of invoices in SAP® and support recurring transactions.

Paymetric, Inc. is a certified SAP® partner, a winner of three SAP Pinnacle Awards and the first to market with a SaaS-based, multi-tenant electronic payment acceptance solution for SAP. When you need to extend your SAP landscape to support secure electronic payment acceptance, trust Paymetric, the proven leader in the SAP ecosystem.

Simplify an often difficult and manual process, with our XiReceivables™ solution. Pull up any customer open item in the SAP Financial module and apply a credit card payment to any outstanding invoice in real-time.

Paymetric provides an affordable solution that meets your organization's requirements to accept electronic payments and accelerate time to working capital. Paymetric's XiReceivables solution supports one-off transactions, recurring transactions or even down payments, prepaids and deposits.

Benefits

- Automates the clearing of open receivables using electronic payments
- Lowers collection costs
- Improves customer satisfaction
- Collects payments more quickly
- Reduces manual, error-prone processes
- Extends the value of your SAP ERP investment

Solution Options

- **Open AR** – Accepts electronic payments against open accounting documents and automatically clears open items with an efficient process, which even clears multiple items in a single payment.
- **Auto AR** - Optimizes recurring payment relationships by managing payment acceptance for services and products provided by subscription, recurring or scheduled delivery.
- **Direct AR** – Accommodates deposit and down payment processing with an efficient workflow that enables an organization to accept electronic payments and post debits and credits directly to customer accounts.
